

bar stool

Finn

Product code: BST-1609/61

Design: BUCK.STUDIO

The Finn collection is designed with attention to details, subtly referring to retro aesthetics, thanks to the unusual triangular shape of the seat and stools. Finn is a comfortable, attractive, and functionally diverse family of wooden seating furniture. Four different stool heights are used both in public interiors, such as restaurants and bars, but also in home kitchens, dining rooms and even children's rooms.
